Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.This adult coloring book features 16 unique pages of a variety kittens and puppies in old places they would have felt at home. Very detailed drawings, this book is meant for the advanced and brave colorist, When I need a new skillset, I like to "trick" myself into acquiring it. Needing to work on my lining skills in Photoshop (Id worked 30 years in traditional media), Researching this coloring book was fun, but drawing it was rewarding and a stress buster and relaxing in its own right. I hope you enjoy coloring it as much as I did drawing it. The book features each design printed single side and include a few blank pages for color and media experimentation on 60# paper. The colorist is encouraged to either put a protective sheet under the working image, or to carefully cut out with a ruler. The colorist is encouraged to sign their work and each image is signed and dated by Agy Wilson. Created with the adult colorist and the child who loves to color details, in mind. I hope to hear from you!.
