

Football in the Americas: FayTbol, Futebol, Soccer

Filesize: 7.11 MB

Reviews

Comprehensive manual for ebook fans. I am quite late in start reading this one, but better then never. Its been written in an exceptionally basic way and is particularly merely soon after i finished reading this publication in which really changed me, affect the way in my opinion.

(Prof. Antone Olson II)

Institute for the Study of the Americas. Paperback. Book Condition: new. BRAND NEW, Football in the Americas: FayTbol, Futebol, Soccer, Rory M. Miller, Liz Crolley, Football (soccer in the United States) has a long history in the Americas, but it currently displays many signs of crisis. In South America the combination of spectator violence, poor business management, and the emigration of players is undermining professional football. In the United States, in contrast, a professional league (Major League Soccer) has taken root in the last decade, and the U.S. women's team has gained international success. Football has always provided its players and fans with identity and belonging, whether to a nation or to a particular social group. It has been both a vehicle for the politically ambitious and an arena in which citizens can make sense of national failings and contest existing power structures. This volume explores many of these themes. The fifteen essays range widely, with theoretical and empirical contributions on the region as whole, as well as chapters specifically on Argentina, Brazil, Peru, Mexico, and the United States.
