O'Reilly Media, Inc. USA. Paperback. Book Condition: new. BRAND NEW, Practical Artistry: Light and Exposure for Digital Photographers, Harold Davis, You may be passionate about photography, and own a digital SLR with perhaps more advanced equipment as well. But do the photographs you take with this powerful equipment come out as well as you'd like? With this fascinating and beautifully illustrated book, you learn how to apply the techniques and principles of classic photography so you can make great images with today's digital equipment. Harold Davis, author and renowned fine art photographer, puts the focus in Practical Artistry on light and exposure, two crucial concepts you need to understand and master if you are to truly capture the images you see. Concise and to the point, "Practical Artistry" clearly demonstrates that photography, essentially, is writing with light, and that the type of images you produce depend on the many choices you have for using that skill.
